ERD (لازم تتعدل عشان تتطابق مع الـ Specs)

- `VerificationRequest.ReviewedByAdminId` و `Experience.ReviewedByAdminId` لازم يبقوا Nullable، لأن مفيش Admin قبل المراجعة.
- `Dispute.Outcome` لازم يبقى Nullable لحد ما الـ Dispute يتحل.
- `Booking`: مطلوب Check Constraint إن واحد بس من `ExperienceId` / `GuideProfileId` يكون ليه قيمة حسب `BookingType`.
- الحقول الخاصة بنوع واحد من الـ (`NumberOfGuests`، `GuideHours`، `Destination` Booking، الـ Snapshots) كل واحد منها فاضي في النوع التاني.
